

TINKU KUMAR

Frontend Web Developer

Delhi NCR, INDIA | +91-8821038564 | tinkuvishwakarma1995@gmail.com

LinkedIn: <https://www.linkedin.com/in/kumartinku/> | GitHub: <https://github.com/TINKUKUMARGitHub>

PROFESSIONAL SUMMARY

Entry-level Front-End Developer with 400+ hours of hands-on experience building responsive, user-focused interfaces using React.js, JavaScript (ES6+), HTML5, and CSS3. Skilled at translating Figma/UI concepts into scalable components and deploying real-world projects like an employee management system, Amazon clone, and personal portfolio. Combines strong problem-solving from a mechanical engineering background with a growing foundation in backend tools like Node.js and MongoDB. Eager to contribute in a collaborative team environment and build high-performance, user-centric web applications.

TECHNICAL SKILLS

- Languages: JavaScript (ES6+), HTML5, CSS3
- Front-End: React.js, React Router, Context API, Bootstrap 5, Tailwind CSS
- Tools & Platforms: Git, GitHub, VS Code, npm, Chrome DevTools, Vite, Netlify
- Core Concepts: DOM Manipulation, Component Lifecycle, State Management, Responsive & Mobile-First Design, REST API Integration, Cross-Browser Compatibility
- Currently Learning: Node.js, Express.js, MongoDB, REST API development

PROJECTS

Employee Management System | React, Context API, React Router |

[Live] | <https://employeeemanagementsystem.netlify.app/>

- Built full CRUD features (Add/Edit/Delete/View) with Context API and protected routes; applied a mobile-first layout.
- Implemented dynamic filtering, form validation, and component-level logic using ES6 features.
- Deployed on Netlify with 85+ Lighthouse performance score.

Amazon Clone (UI) | HTML, CSS, JavaScript | [Live] | <https://amazonclonesss.netlify.app/>

- Replicated Amazon homepage with product cards, navbar, login page, and custom scrollbar.
- Implemented cart functionality, image slider, and DOM-driven interactivity, optimized for 360 px screens.

Personal Portfolio Website | HTML, CSS, JavaScript | [Live] | <https://myportfoliopersonals.netlify.app/>

- Typing animation, scroll-reveal effects, sticky navbar, and downloadable CV feature.
- Fully responsive, with 85+ Lighthouse performance and SEO scores.

PROFESSIONAL EXPERIENCE

Quality Assistant Engineer | Swastika Automatics, Faridabad | Aug 2018 – Dec 2021

- Reduced rejection rate 15 % via root-cause analysis of machining defects.
- Automated gauge-calibration logs with Excel macros, saving 5 h/week.
- Improved quality documentation and CAPA tracking through cross-functional collaboration.
- Maintained 5S audits, demonstrating disciplined process control.

EDUCATION & CERTIFICATIONS

B.E. Mechanical Engineering — LNCT Group, Bhopal | 2017 | CGPA 7.17/10

MERN Stack Development — Apna College (Bootcamp) | Completed: Apr 2025

Web Development — Sun Foundation | Expected Completion: Aug 2025

ADDITIONAL DETAILS

Languages: English (Professional), Hindi (Native) | Soft Skills: Team Collaboration, Adaptability, Attention to Detail

Availability: Immediate | Open to Remote/Hybrid

Career Break (2022–2024): Managed personal responsibilities while consistently upskilling in frontend development and building real-world React projects. Currently expanding into backend (Node.js, MongoDB).
